Molds	(AOAC RI 121301)	≤ 1,000 cfu/g	< 1,000 cfu/g	PASS

Final Disposition

PASS

This product has been reviewed and approved by our FDA Approved Lab located in the United States of America.

The results reported in this Certificate of Analysis (COA) are truthful and representative of the lot. The finished product and all raw materials used to manufacture the batch have been found to meet required specification limits in accordance with 21 CFR 111 (cGMP) regulations and the product is duly released.

Key Data Transferred:

- **Product Identity:** Pro25 2lb Whey Chocolate.
- **Lot Number:** 060722C2202.
- **Qualitative Analysis:** Active ingredient (Whey Protein 80%) verified against the 29.3g/serving specification.
- **Physical Specs:** Brown colored powder and brown colored solution (mixed with water) confirmed.
- **Microbiology:** All results, including Total Plate Count and pathogen screening (E.Coli, Salmonella), recorded as PASS.
- **Disposition:** Final Status is "**PASS**".
