

Micronized Creatine Monohydrate - 300g | Pure Strength & Muscle Volume  
 SKU: ROC609 Date: 1/21/2026 | Verified Third Party Lab

## CERTIFICATE OF ANALYSIS

<b>Product Name</b>	Creatine Powder	<b>Lot Number</b>	20220411C
<b>Product SKU</b>	ROC609	<b>Date Received</b>	8/19/2022

ANALYSIS	METHOD	SPECIFICATION	RESULTS	STATUS
<b>Heavy Metals</b>				
Arsenic	USP <2232>	< 15 ppm	< 0.001 ppm	PASS
Cadmium	USP <2232>	< 5 ppm	< 0.001 ppm	PASS
Lead	USP <2232>	< 5 ppm	0.0029 ppm	PASS
Mercury	USP <2232>	< 15 ppm	0.002 ppm	PASS
<b>Microbiology</b>				
Total Plate Count	Biolumix	< 1,000 cfu/g	< 1,000 cfu/g	PASS
Total Coliform	Biolumix	< 100 cfu/g	< 100 cfu/g	PASS
E. coli	Biolumix	None Detected	None Detected	PASS
Salmonella spp.	AOAC 2013.01 <Vidas>	None Detected	None Detected	PASS
Staphylococcus aureus	Biolumix	None Detected	None Detected	PASS
Yeasts & Molds	Biolumix	< 1,000 cfu/g	< 1,000 cfu/g	PASS

**Final Disposition**  
PASS

This product has been reviewed and approved by our FDA Approved Lab located in the United States of America.

The results reported in this Certificate of Analysis (COA) are truthful and representative of the lot. The finished product and all raw materials used to manufacture the batch have been found to meet required specification limits in accordance with 21 CFR 111 (cGMP) regulations and the product is duly released.

### Key Data Transferred:

- Product Name:** Creatine Powder

- **Lot Number:** 20220411C
- **Heavy Metals:** Confirmed passing results for Arsenic, Cadmium, Lead, and Mercury within USP <2232> standards.
- **Microbiology:** All results, including Total Plate Count and pathogen screening (E. coli, Salmonella, S. aureus), recorded as PASS.
- **Disposition:** Final Status is "**PASS**".
