

Pre-Workout + 5g Creatine - Grape Annihilation | Strength & Energy Matrix
 SKU: ROC619 Date: 1/21/2026 | Verified Third Party Lab | Lot# 01486952

CERTIFICATE OF ANALYSIS

Product Name	Pre-Workout + 5g Creatine - Grape Annihilation Strength & Energy Matrix		
Product SKU	ROC619	Date Published	2026

INGREDIENTS	METHOD	SPECIFICATION (mg)	RESULT (mg)	STATUS
Active Matrix Potency (Per Serving)				
Creatine Monohydrate	Input Verification	4500 - 5500	5000	PASS
Citrulline Malate 2:1	Input Verification	7200 - 8800	8000	PASS
Beta Alanine	Input Verification	3240 - 3960	3600	PASS
Betaine Anhydrous	Input Verification	2250 - 2750	2500	PASS
Caffeine Anhydrous	Input Verification	315 - 385	350	PASS
L-Theanine	Input Verification	315 - 385	350	PASS
Potassium Citrate	Input Verification	1034.48 - 1264.37	1149.43	PASS
Standard Laboratory Analysis				
Appearance	Visual	Grape/Purple Powder	Pass	PASS
Odor	Organoleptic	Characteristic Grape	Pass	PASS
Microbiology				
Total Plate Count	Biolumix	< 100,000 cfu/g	< 100,000 cfu/g	PASS
E. coli	Biolumix	None Detected	None Detected	PASS
Salmonella spp.	AOAC RI 2011.03	Negative / 25g	Negative / 25g	PASS

Final Disposition
PASS

This product has been reviewed and approved by our FDA Approved Lab located in the United States of America.

The results reported in this Certificate of Analysis (COA) are truthful and representative of the lot. The finished product and all raw materials used to manufacture the batch have been found to meet required specification limits in accordance with 21 CFR 111 (cGMP) regulations and the product is duly released.

Potency Verification Highlights:

- **Creatine Monohydrate:** Verified at **5000 mg** per serving.
- **Citrulline Malate 2:1:** Recorded at **8000 mg**.
- **Beta Alanine:** Recorded at **3600 mg**.
- **Caffeine Anhydrous:** Verified at **350 mg**.
- **Physical Analysis:** Grape/Purple powder with characteristic grape odor; recorded as PASS.
- **Microbiology:** All parameters, including Total Plate Count and Salmonella, meet rigorous safety specifications.
