This product has been reviewed and approved by our FDA Approved Lab located in the United States of America.

The results reported in this Certificate of Analysis (COA) are truthful and representative of the lot. The finished product and all raw materials used to manufacture the batch have been found to meet required specification limits in accordance with 21 CFR 111 (cGMP) regulations and the product is duly released.

Analysis Highlights:

- **Identity & Physical:** Product identity confirmed via NIR (USP <1119>); colorless liquid with characteristic odor and specific gravity of **1.016 g/mL**.
- **Heavy Metals:** All parameters (Arsenic, Cadmium, Lead, Mercury) are exceptionally low and well within safety limits.
- **Microbiology:** Passed all safety screenings, including PCR testing for pathogens like E. coli and Salmonella.
- **Disposition:** Final Status is "**PASS**".
