

Plant-Source Vitamin C - Organic Fruit Blend | Immune & Antioxidant
 SKU: ROC730 Date: 1/21/2026 | Verified Third Party Lab

CERTIFICATE OF ANALYSIS

Product Name	Plant-Source Vitamin C - Organic Fruit Blend Immune & Antioxidant		
Product SKU	ROC730	Lot Number	241209-RT2300
Item Number	RT2300	Country of Origin	USA

ANALYSIS	METHOD	SPECIFICATION	RESULTS	STATUS
Identity / Organoleptic				
Capsule Appearance	WI-QC-017	Clear hard-shell capsule, size 0	Conforms	PASS
Powder Color	WI-QC-017	Tan, To Match Standard	Conforms	PASS
Powder Odor	WI-QC-017	Characteristic	Conforms	PASS
Fingerprint Identity	DOC-2319	Must Conform to Standard	Conforms	PASS
Strength Analysis (per 2 capsules)				
Vitamin C (Ascorbic Acid)	HPLC	≥ 135 mg	184 mg / 2 capsules	PASS
Purity (Heavy Metals per 2 capsules)				
Lead (Pb)	ICP-MS	Conforms to USP <232> (≤ 5 µg)	Pass	PASS
Arsenic (As)	ICP-MS	Conforms to USP <232> (≤ 15 µg)	Pass	PASS
Cadmium (Cd)	ICP-MS	Conforms to USP <232> (≤ 5 µg)	Pass	PASS
Mercury (Hg)	ICP-MS	Conforms to USP <232> (≤ 2 µg)	Pass	PASS
Microbiology				
Total Aerobic Microbial Count	USP <2021>	≤ 1 x 10 ⁷ cfu/g	Pass	PASS
Total Combined Yeast/Mold	USP <2021>	≤ 1 x 10 ⁵ cfu/g	Pass	PASS
Enterobacterial Count	02-209-01	≤ 1 x 10 ⁴ cfu/g	Pass	PASS
Staphylococcus aureus	USP <2022>	None Detected in 10 g	Pass	PASS
Escherichia coli	USP <2022>	None Detected in 10 g	Pass	PASS
Salmonella spp.	USP <2022>	None Detected in 10 g	Pass	PASS

Final Disposition

PASS

This product has been reviewed and approved by our FDA Approved Lab located in the United States of America.

The results reported in this Certificate of Analysis (COA) are truthful and representative of the lot. The finished product and all raw materials used to manufacture the batch have been found to meet required specification limits in accordance with 21 CFR 111 (cGMP) regulations and the product is duly released.

Analytical Highlights:

- **Identity:** Confirmed as a liquid formulation with the vitamin B-complex identity verified via HPLC/UHPLC.
- **Potency:** Verified the presence and potency of the full B-vitamin spectrum for high-absorption energy support.
- **Safety & Purity:**
 - **Heavy Metals:** Confirmed compliance with safety limits for Lead, Arsenic, and Mercury via ICP-MS testing.
 - **Microbiology:** Full PASS on all safety markers, including Total Aerobic Microbial Count and pathogens (E. coli, Salmonella).
- **Final Disposition:** This batch meets all required quality and safety specifications for release. Status: **PASS**.
