

Vitamin B-12 Liquid Drops (2oz) - Methyl cobalamin for Energy
 SKU: ROC802 Date: 1/21/2026 | Verified Third Party Lab | Lot# 331008140013

CERTIFICATE OF ANALYSIS

Product Name	Vitamin B-12 Liquid Drops (2oz) - Methylcobalamin for Energy		
Product SKU	ROC802	Date Published	2026
Size	2 fl. oz. (59 mL)	Country of Origin	USA

ANALYSIS	METHOD	SPECIFICATION	RESULTS	STATUS
Identity / Organoleptic				
Appearance	Visual	Clear to Slightly Opaque Liquid	Conforms	PASS
Fingerprint Identity	HPLC/UHPLC	Matches Methylcobalamin Standard	Conforms	PASS
Strength Analysis				
Vitamin B-12 (Methylcobalamin)	HPLC	Verified Potency	Pass	PASS
Purity (Heavy Metals per Serving)				
Lead (Pb)	ICP-MS	≤ 5 µg	Pass	PASS
Arsenic (As)	ICP-MS	≤ 15 µg	Pass	PASS
Microbiology				
Total Aerobic Microbial Count	USP <2021>	≤ 1 x 10 ³ cfu/mL	Pass	PASS
Salmonella spp.	USP <2022>	None Detected	Pass	PASS
Escherichia coli	USP <2022>	None Detected	Pass	PASS

Final Disposition
 PASS

This product has been reviewed and approved by our FDA Approved Lab located in the United States of America.

The results reported in this Certificate of Analysis (COA) are truthful and representative of the lot. The finished product and all raw materials used to manufacture the batch have been found to meet required specification limits in accordance with 21 CFR 111 (cGMP) regulations and the product is duly released.

Analytical Summary:

- **Identity:** Verified as a liquid formulation containing Methylcobalamin, with identity confirmed via HPLC/UHPLC.
- **Potency:** Verified potency of high-energy B-12 (Methylcobalamin) per serving.
- **Safety & Purity:**
 - **Heavy Metals:** Confirmed compliance with safety limits for Lead and Arsenic via ICP-MS testing.
 - **Microbiology:** Full **PASS** on safety screening for aerobic counts and pathogens (E. coli, Salmonella).
- **Final Disposition:** Batch meets all criteria for release. Status: **PASS**.
