This product has been reviewed and approved by our FDA Approved Lab located in the United States of America.

The results reported in this Certificate of Analysis (COA) are truthful and representative of the lot. The finished product and all raw materials used to manufacture the batch have been found to meet required specification limits in accordance with 21 CFR 111 (cGMP) regulations and the product is duly released.

## Analytical Highlights for Lot #PB230411:

- **Identity & Physical Properties:** Product identity confirmed via **NIR (Near-Infrared Spectroscopy)** according to USP <1119> standards. Verified as cream-colored capsules with an average net fill weight of **534.00 mg**.
- **Safety & Purity:**
  - **Heavy Metals:** Confirmed compliance with USP <2232> standards for Arsenic (**0.035 ppm**), Cadmium (**0.007 ppm**), Lead (**0.037 ppm**), and Mercury (**< 0.001 ppm**), with results well below Parts Per Million (ppm) limit thresholds.
  - **Microbiology:** Full safety screening via PCR confirmed as **PASS** for pathogens (E. coli, Salmonella, S. aureus). Total Coliform count recorded at **< 10 cfu/g**.
- **Final Disposition: PASS**
