

Adult Multivitamin Gummies - Complete Daily Wellness | Essential Nutrients
 SKU: ROC918 Date: 1/21/2026 | Verified Third Party Lab

CERTIFICATE OF ANALYSIS

Product Name	Adult Multivitamin Gummies - Complete Daily Wellness Essential Nutrients		
Product SKU	ROC918	Lot Number	225166401
Received Date	09/19/2022	Country of Origin	USA

ANALYSIS	METHOD	SPECIFICATION	RESULTS	STATUS
Identity / Physical Properties				
Serving Size	SNL.MA.210	1 Gummy	1.00 gummy	PASS
Average Gross Weight	WI.USP.2091.02	N/A	1988.20 mg	PASS
Nutrients & Potency (per serving)				
Vitamin C	WI.HPLC.303.05	> 9 mg	18.839 mg	PASS
Vitamin B5 (Pantothenic Acid)	WI.HPLC.306.07	> 2.5 mg	3.874 mg	PASS
Zinc	WI.ICP.408	> 1.1 mg	1.101 mg	PASS
Purity (Heavy Metals)				
Arsenic (As)	USP <2232>	< 15 ppm	0.005 ppm	PASS
Cadmium (Cd)	USP <2232>	< 5 ppm	< 0.001 ppm	PASS
Lead (Pb)	USP <2232>	< 5 ppm	0.003 ppm	PASS
Mercury (Hg)	USP <2232>	< 15 ppm	< 0.001 ppm	PASS
Microbiology				
Total Plate Count	Biolumix	< 100,000 cfu/g	< 100,000 cfu/g	PASS
Total Coliform	Biolumix	< 1000 cfu/g	< 1000 cfu/g	PASS
Escherichia coli	Biolumix	None Detected	None Detected	PASS
Salmonella spp.	AOAC 2013.01	None Detected	None Detected	PASS
Staphylococcus aureus	Biolumix	None Detected	None Detected	PASS
Yeasts & Molds	Biolumix	< 10,000 cfu/g	< 10,000 cfu/g	PASS

Final Disposition
PASS

This product has been reviewed and approved by our FDA Approved Lab located in the United States of America.

The results reported in this Certificate of Analysis (COA) are truthful and representative of the lot. The finished product and all raw materials used to manufacture the batch have been found to meet required specification limits in accordance with 21 CFR 111 (cGMP) regulations and the product is duly released.

Analytical Highlights for Lot #225166401:

- **Nutrient Potency:** Verified levels for Vitamin C (**18.839 mg**), Vitamin B5 (**3.874 mg**), and Zinc (**1.101 mg**) per gummy serving.
- **Safety & Purity:**
 - **Heavy Metals:** Confirmed compliance with USP <2232> standards for Arsenic, Cadmium, Lead, and Mercury, with results recorded well below parts-per-million (ppm) safety limits.
 - **Microbiology:** Full safety screening confirmed as **PASS** for pathogens including *E. coli*, *Salmonella*, and *S. aureus*. Yeast/Mold and aerobic counts all recorded within safe specification limits.
- **Physical Metrics:** Average gross weight confirmed at **1988.20 mg** per gummy.
- **Final Disposition:** **PASS**
