

Sleep Well Gummies - Natural Nighttime Support & Recovery
 SKU: ROC920 Date: 1/21/2026 | Verified Third Party Lab

CERTIFICATE OF ANALYSIS

Product Name	Sleep Well Gummies - Natural Nighttime Support & Recovery		
Product SKU	ROC920	Lot Number	225005301
Received Date	05/03/2022	Country of Origin	USA

ANALYSIS	METHOD	SPECIFICATION	RESULTS	STATUS
Identity / Physical Properties				
Serving Size	SNL.MA.210	1 Gummy	1.00 Gummy	PASS
Average Net Fill Weight	Calculated	N/A	3092.10 mg	PASS
Active Ingredients (per serving)				
Melatonin	SNL.HPLC.330	> 1 mg	1.064 mg	PASS
Purity (Heavy Metals)				
Arsenic (As)	USP <2232>	< 15 ppm	0.015 ppm	PASS
Cadmium (Cd)	USP <2232>	< 5 ppm	0.015 ppm	PASS
Lead (Pb)	USP <2232>	< 5 ppm	0.002 ppm	PASS
Mercury (Hg)	USP <2232>	< 15 ppm	< 0.001 ppm	PASS
Microbiology				
Total Plate Count	Biolumix	< 100,000 cfu/g	< 100,000 cfu/g	PASS
Total Coliform	Biolumix	< 1,000 cfu/g	< 1,000 cfu/g	PASS
Escherichia coli	Biolumix	None Detected	None Detected	PASS
Salmonella spp.	AOAC 2013.01	None Detected	None Detected	PASS
Yeasts & Molds	Biolumix	< 10,000 cfu/g	< 10,000 cfu/g	PASS

Final Disposition
PASS

This product has been reviewed and approved by our FDA Approved Lab located in the United States of America.

The results reported in this Certificate of Analysis (COA) are truthful and representative of the lot. The finished product and all raw materials used to manufacture the batch have been found to meet required specification limits in accordance with 21 CFR 111 (cGMP) regulations and the product is duly released.

Analytical Highlights for Lot #225005301:

- **Active Ingredient Potency:** Melatonin content confirmed at **1.064 mg per serving**, meeting the >1 mg specification.
- **Safety & Purity:**
 - **Heavy Metals:** Confirmed compliance with USP <2232> standards for Arsenic, Cadmium, Lead, and Mercury, with all results well below parts-per-million (ppm) safety limits.
 - **Microbiology:** Full safety screening confirmed as **PASS** for pathogens including *E. coli* and *Salmonella*. Total Plate Count and Yeast/Mold counts were recorded within safe limits.
- **Physical Metrics:** Average net fill weight confirmed at **3092.10 mg** per gummy.
- **Final Disposition:** **PASS**
