

Joint Care Gummies w/ Glucosamine - Mobility & Cartilage Support
 SKU: ROC923 Date: 1/21/2026 | Verified Third Party Lab

CERTIFICATE OF ANALYSIS

Product Name	Joint Care Gummies w/ Glucosamine - Mobility & Cartilage Support		
Product SKU	ROC923	Lot Number	22510001
Received Date	10/24/2022	Country of Origin	USA

ANALYSIS	METHOD	SPECIFICATION	RESULTS	STATUS
Active Ingredients (per serving)				
Glucosamine SO4 2KCl	SNL.HPLC.201	> 80 mg	90.994 mg	PASS
Physical Properties				
Serving Size	SNL.MA.210	1 Gummy	1.00 Gummy	PASS
Average Gross Weight	WI.USP.2091.02	N/A	2964.30 mg	PASS
Purity (Heavy Metals)				
Arsenic (As)	USP <2232>	< 15 ppm	0.012 ppm	PASS
Cadmium (Cd)	USP <2232>	< 5 ppm	0.001 ppm	PASS
Lead (Pb)	USP <2232>	< 5 ppm	0.010 ppm	PASS
Mercury (Hg)	USP <2232>	< 15 ppm	< 0.001 ppm	PASS
Microbiology				
Total Plate Count	Biolumix	< 100,000 cfu/g	< 100,000 cfu/g	PASS
Total Coliform	Biolumix	< 1,000 cfu/g	< 1,000 cfu/g	PASS
Escherichia coli	Biolumix	None Detected	None Detected	PASS
Salmonella spp.	AOAC 2013.01	None Detected	None Detected	PASS
Yeasts & Molds	Biolumix	< 10,000 cfu/g	< 10,000 cfu/g	PASS

Final Disposition
PASS

This product has been reviewed and approved by our FDA Approved Lab located in the United States of America.

The results reported in this Certificate of Analysis (COA) are truthful and representative of the lot. The finished product and all raw materials used to manufacture the batch have been found to meet required specification limits in accordance with 21 CFR 111 (cGMP) regulations and the product is duly released.

Analytical Highlights for Lot #22510001:

- **Active Ingredient Potency:** Glucosamine SO4 2KCl content confirmed at **90.994 mg per serving**, exceeding the >80 mg specification for joint mobility support.
- **Safety & Purity:**
 - **Heavy Metals:** Confirmed compliance with USP <2232> standards for Arsenic (**0.012 ppm**), Cadmium (**0.001 ppm**), Lead (**0.010 ppm**), and Mercury (**< 0.001 ppm**).
 - **Microbiology:** Full safety screening confirmed as **PASS** for pathogens including *E. coli*, *Salmonella*, and *S. aureus*. All aerobic plate counts and yeast/mold levels recorded within safe ranges.
- **Physical Metrics:** Average gross weight confirmed at **2964.30 mg** per gummy.
- **Final Disposition:** **PASS**
